

# The Cinematic Film Special

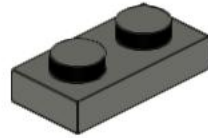

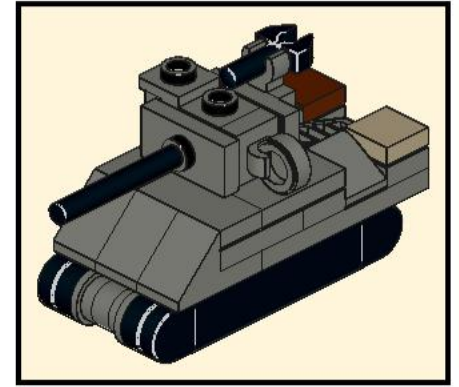

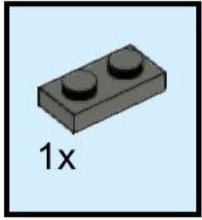

These Instructions are built for the people who enjoy watching their War films, wether its fictional or Non-fiction. These Instructions have a little bit of everything from the sky to the sea.

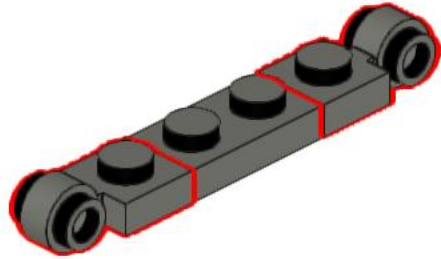

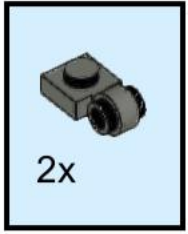

This Instructions are also the perfect Example of what all IO.Bricks Standards are; making instructions takes time and is done with the mindset that most people should be able to complete the Builds. Enjoy a little Gift of Instructions :)

F.Y.I. The M4 Oddball tank and the Hawker Hurricane are in scale to the Micro Battlefronts Table top game.
